

# **HEARING ASSISTANCE AT MASS** **BY USING YOUR CELL PHONE**

*— for use with earbuds or  
a hearing aid that's connected to phone*

1. On your cell phone download the app Listen Everywhere.
2. When you're at church, set phone to the church wifi signal:  
**OLV-Admin**, password: **OLVChurch!**  
*(Once you set this wifi & password, you shouldn't have to again  
if your phone is set to remember wifi signals & passwords.)*
3. When you open the Listen Everywhere app the first time at church, you will see "Venue Scan" — tap that and it will count down as it looks for the church signal.  
*You shouldn't have to do this the next time you connect.*

When you see this screen, tap the blue headphone symbol and the audio should start. Use your phone's volume buttons to turn it up or down.  
*(You can also pause audio.)*

*If you don't see the blue headphone button, hit "Refresh" &/or the  symbol.*

**LET USHER OR PRIEST KNOW IF YOU HAVE QUESTIONS.**

*You can find Listen Everywhere audio at other churches, businesses, and places of entertainment.*
